RE: Letter of Concern and Requirement for Additional CME  
License No. 3054 Case No. 3288

Dear Dr. Gulyanics:

At the meeting on January 22, 2005, the Board of Osteopathic Examiners in Medicine and Surgery conducted a case review on the above-referenced complaint. That complaint alleged that you violated A.R.S. § 32-1854 (6) and (40) in that you did not properly evaluate and treat a patient presenting to the emergency room.

Based on the information presented and your discussion with the Board, the Board found there was insufficient evidence to conclude that your conduct constituted unprofessional conduct or to support direct action against your license. However, the Board voted to issue you this advisory **LETTER OF CONCERN**. The Board was concerned that you did not appreciate the criticality of the patient, and so did not spend enough time ruling out or in diagnoses.

In addition, under the authority of A.R.S. § 32-1855 (D)(3), the Board required that you obtain **CONTINUING MEDICAL EDUCATION**. You are to do 30 hours of CME in courses dealing with emergency evaluation and management of cardiopulmonary disease. The CME must be classified Category 1 or 1-A, and approved by the Board's Executive Director before you take it. The course(s) must be completed within the next six months. Upon completion, please send a copy of the certificate(s) to the Board's office, to my attention. This CME is in addition to the CME hours required for renewal of your license. If you do not complete this CME, the Board may take further action.

A Letter of Concern and Requirement for Additional CME are non-disciplinary actions that remain part of the public record of your license for five years from the date of issuance (meeting date). During those years it will be provided in response to requests for copies of your license file or verifications of license status. It also may be cited in future actions against your license. Because it is not a disciplinary action, it is not reported to the National Practitioner Data Base.

Sincerely yours,

Elaine LeTarte  
Executive Director
